

# AIA COMPANY STORES

Boost your sales and customer retention with AIA Company Stores.

AIA's company stores are online ordering platforms for branded merchandise, which are crucial in today's competitive selling environment. Our company stores are rich in features, cost effective and flexible. Your clients' stores will be fully branded and set up quickly with Experience AIA Web (EAIA) integration, streamlined ordering and robust administrative controls. Boost your sales and customer retention by bringing your client's brand online with AIA's company store solutions.

## Classic 365: Open Year Round

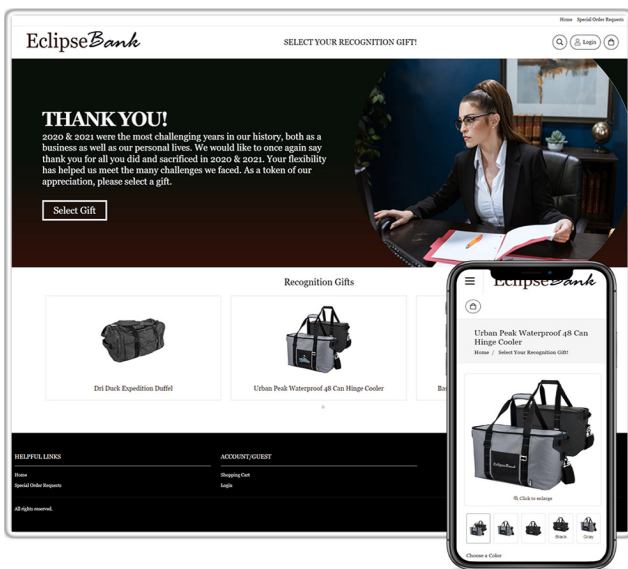

A 365 company store offers branded merchandise all year round. These company stores are great for clients to obtain branded merchandise to promote the client's brand and messages.

## Pop Up: Open Multiple Times Per Year

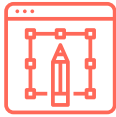

A pop-up company store offers branded merchandise available for a limited time. These company stores are great for holiday gift selections, seasonal events and specific promotions.

## Redemption Store: Great for Gifts

A Redemption store is great for gift giving and redemption, order collection, and product distributions. These should be used when no payment will be collected. Users will gain access to the store with a code (universal or individualized). This type of store is quick to set up and launch.

## Design & Content

Choose from cutting-edge design templates and color combinations with limitless possibilities using CSS. Your company store will be branded with your client's logo and customized to your client's design requirements.

## Product Selection & Merchandising

These are the key success for all company stores. Select products that are most appropriate for your clients budgetary and branding requirements.

## Payment Options

Choose from a variety of payment options from credit cards, points, and purchase orders to custom payments like payroll deductions.

## Shipping & Address Management

Our company store provides a wide variety of shipping options. Choose from our real-time integrated FedEx, UPS, or USPS options. Custom shipping methods and tiered shipping are also available. Use our address management tool to pre-define addresses for users to select from.

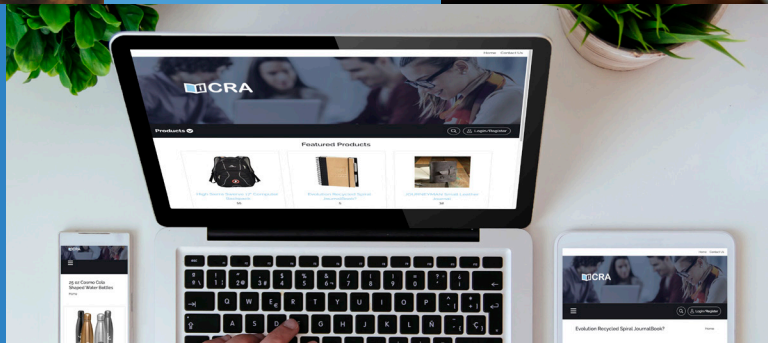

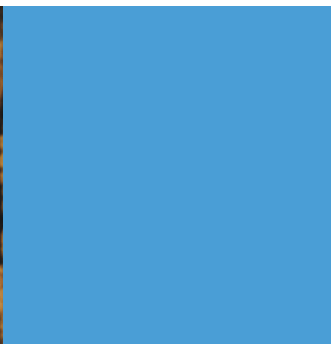

## Site Administration

Site administration offers multiple access levels, order status updates, user management, order management, and reports.

## Site Integration

Our order integration allows orders from the webstore to flow directly into AIA's order entry platform. This allows for more time savings and less data entry errors.
